

Sullivan County is seeking to fill the following position: **STUDENT INTERN**

Sullivan County Government has **paid** and **unpaid STUDENT INTERN** opportunities available in various County Departments.

The County of Sullivan's internship program is designed to introduce high school, college, and graduate students to public service and to provide the students with work experience that is relevant to their chosen careers. Interns are assigned work projects in their field of study or interest, in accordance with their educational level. Interns generally work part-time during the school year, but may work full-time when school is not in session. The work of an intern is performed under direct supervision, with frequent review and mentoring by a professional in the chosen field. Does related work as required.
